Kodiak Copper Upsizes Private Placement To \$7.5 Million

April 6, 2023 – Vancouver, British Columbia – Kodiak Copper Corp. (the “**Company**” or “**Kodiak**”) (TSX-V: KDK, OTCQB: KDKCF, Frankfurt: 5DD1) announces that it has increased the size of its previously announced non-brokered private placement ([see News Release April 4th, 2023](#)) (the “**Concurrent Financing**”) to: (i) up to 1,200,000 charity flow-through units (the “**Charity FT Units**”) that will be issued as part of a charity arrangement, and (ii) up to 1,000,000 flow-through units (the “**FT Units**”), for aggregate gross proceeds of up to \$2,544,000.

Each Charity FT Unit will consist of one common share of the Company (a “**Common Share**”) and one-half of one Common Share purchase warrant (each whole warrant, a “**FT Warrant**”), both of which will qualify as “flow-through shares” (within the meaning of subsection 66(15) of the *Income Tax Act* (Canada)), at a price of \$1.32 per Charity FT Unit (“**Charity FT Unit Issue Price**”). Each FT Unit will consist of one Common Share and one-half of one FT Warrant, both of which will qualify as “flow-through shares” (within the meaning of subsection 66(15) of the *Income Tax Act* (Canada)) at a price of \$0.96 per FT Unit. Certain insiders and shareholders of the Company are expected to participate in the Concurrent Financing.

As previously announced, Kodiak has also entered into an agreement with Cormark Securities Inc., on behalf of itself and on behalf of an underwriting syndicate to be agreed (collectively, the “**Underwriters**”), in connection with a “bought deal” private placement pursuant to the listed issuer financing exemption, for aggregate gross proceeds to the Company of approximately \$5 million (the “**Offering**”). The Offering consists of (i) 1,500,000 Charity FT Units at the Charity FT Unit Issue Price for gross proceeds of \$1,980,000; and (ii) 3,700,000 common share units (the “**HD Units**”), each of which HD Unit will consist of one non-flow-through Common Share and one-half of one non-flow-through Common Share purchase warrant (each whole warrant, a “**Warrant**”) at a price of \$0.81 per HD Unit for gross proceeds of \$2,997,000.

Each FT Warrant and Warrant issuable under the Offering and the Concurrent Financing will entitle the holder to purchase one non-flow-through Common Share at an exercise price of \$1.10 for a period of 24 months following the closing date. Further, in the event that the Company’s Common Share price closes at or above \$1.70 on the TSX Venture Exchange (the “**TSX-V**”) for 20 consecutive trading days, the Company may, within 15 days of the occurrence of such event, deliver a notice to the holders of FT Warrants and the Warrants accelerating the expiry date of the FT Warrants and the Warrants to the date that is 30 days following such notice, and any unexercised FT Warrants and Warrants after such period shall automatically expire.

The net proceeds from the issue of the HD Units will be used for working capital and general corporate purposes. The Company will use an amount equal to the gross proceeds received by the Company from the

sale of the Charity FT Units and FT Units, pursuant to the provisions in the *Income Tax Act* (Canada), to incur eligible “Canadian exploration expenses” that qualify as “flow-through critical mineral mining expenditures” as both terms are defined in the *Income Tax Act* (Canada) (the “**Qualifying Expenditures**”) related to the Company's projects in British Columbia, on or before December 31, 2024, and to renounce all the Qualifying Expenditures in favour of the subscribers of the Charity FT Units and FT Units effective December 31, 2023. If the Qualifying Expenditures are reduced by the Canada Revenue Agency, the Company will indemnify each Charity FT Unit and FT Unit subscriber for any additional taxes payable by such subscriber as a result of the Company's failure to renounce the Qualifying Expenditures as agreed.

In consideration for their services, the Underwriters will receive a cash commission equal to 6.0% of the gross proceeds of the Offering and 6.0% of the aggregate proceeds of the Concurrent Financing obtained from purchasers identified by the Underwriters.

The Offering is expected to close on or about April 14, 2023, and the Concurrent Financing on or about April 21, 2023, or such other date as the Company and the Underwriters may agree and is subject to certain conditions including, but not limited to, the receipt of all necessary regulatory and other approvals including the acceptance of the TSX-V.

Subject to compliance with applicable regulatory requirements and in accordance with National Instrument 45-106 – *Prospectus Exemptions* (“**NI 45-106**”), the Charity FT Units and HD Units issuable under the Offering will be offered for sale to purchasers resident in Canada, except Québec and/or other qualifying jurisdictions, which may include the Underwriters for investment purposes and/or subsequent purchasers (the “**Purchasers**”) pursuant to the listed issuer financing exemption under Part 5A of NI 45-106 (the “**Listed Issuer Financing Exemption**”). Because the Offering is being completed pursuant to the Listed Issuer Financing Exemption, the securities issued to Canadian resident subscribers in the Offering will not be subject to a hold period pursuant to applicable Canadian securities laws.

The securities issued to subscribers in the Concurrent Financing will be subject to a hold period of four months and one day pursuant to applicable Canadian securities laws.

The securities described herein have not been and will not be registered under the United States Securities Act of 1933, as amended, or any U.S. state securities laws, and may not be offered or sold in the United States absent registration or available exemptions from such registration requirements. This press release does not constitute an offer to acquire securities in any jurisdiction.

There is an offering document related to the Offering that can be accessed under the Company's profile at www.sedar.com and on the Company's website at <https://kodiakcoppercorp.com/offering-document/>. The Purchasers will have the benefit of the Offering Document and the rights provided under the Listed Issuer Financing Exemption. About Kodiak Copper Corp.

Kodiak is focused on its 100% owned copper porphyry projects in Canada and the USA. The Company's most advanced asset is the MPD copper-gold porphyry project in the prolific Quesnel Trough in south-central British Columbia, Canada. MPD has all the hallmarks of a large, multi-centered porphyry system. Kodiak has made the Gate Zone discovery of high-grade mineralization within a wide mineralized envelope, and MPD hosts several other targets with similar discovery potential. Kodiak also holds the Mohave copper-molybdenum-silver porphyry project in Arizona, USA, near the world-class Bagdad mine. Kodiak's porphyry projects have both been historically drilled and present known mineral discoveries with the potential to hold large-scale deposits.

Kodiak's founder and Chairman is Chris Taylor who is well-known for his gold discovery success with Great Bear Resources. Kodiak is also part of Discovery Group, one of Canada's leading exploration organizations.
